So, subsequently you require the book swiftly, you can straight get it. Its so entirely simple and appropriately fats, isnt it? You have to favor to in this spread

T9FVAL - DUKE LIVINGSTON

The story of the former Golden Gloves boxer and actor describes his coming of age on the streets of New York, presidency of the Hell's Angels, experiences as a celebrity bodyguard, and television career.

An inside account of the Hell's Angels, told by one of its most notorious leaders.

The basis for the hit TV series *Gangland Undercover!* The gripping account from an ex-con who went undercover to help the ATF infiltrate three of America's most violent biker gangs. Despite lacking any experience with motorcycle gangs, Charles Falco infiltrated three of America's deadliest biker gangs: the Vagos, Mongols, and Outlaws. In separate investigations that spanned years and coasts, Falco risked his life, suffering a fractured neck and a severely torn shoulder, working deep under cover to bring violent sociopaths to justice. His dedication was profound; Falco spent almost three years infiltrating the Vagos gang and rose to second in command of the Victorville, California chapter. He even served time in San Bernardino's Murder Unit and endured solitary confinement to protect his cover and the investigations. Falco recorded confessions of gangland-style killings and nearly became a target himself before he sought refuge in the Witness Protection Program. But discontent to remain on the sidelines and motivated by a strong sense of duty, Falco eventually left the Program and volunteer his talents again to infiltrate the Mongols and Outlaws, rising in rank to Vice President of the Petersburg, Virginia Outlaws chapter. His efforts culminated in sixty two arrests of members for various crimes, including assault and murder. Executing one of this country's most successful RICO prosecutions and effectively crippling the criminal enterprise, Falco's engrossing narrative of the dangers of the biker underworld harkens back to Hunter S. Thompson's classic *Hell's Angels*, vividly recounting a life undercover.

The definitive collection of first-hand accounts of the world's outlaw motorcycle gangs, with contributions by Sonny Barger, Hunter S. Thompson, Ed Winterhalder, William Queen and many more. Outlaw bikers consider themselves 'the last free people in society', unconstrained by the regulations that hem in ordinary citizens. And they guard their privacy jealously. Drawing on seventeen years of studying and participating in biker culture, the author has compiled this one-of-a-kind collection of original biker writing. Here are insider accounts of landmark incidents in biker folklore, including reprints of classic writing from biker-originated magazines, handouts, websites and books. Gangs featured include the Bandidos, the Hells Angels, Henchmen MC, the Outlaws, the Mongols, the Annihilators, the Diablos, the Gypsy Jokers, the Rebels, the Straight Satans and the Vagos. And with contributors such as Freewheelin' Frank (one-time secretary of the Hells Angels), Edward Winterhalder (among the most powerful members of the Bandidos) and Sonny Barger (founder of the Hells Angels). Al-

so included are those rare accounts by outsiders who have succeeded in 'looking in' on the gangs: Hunter S. Thompson's *Hells Angels: A Strange and Terrible Modern Saga*; writing by William Queen, the undercover agent who infiltrated America's violent outlaw motorcycle gang the Mongols; and Daniel R. Wolf's account of riding with the Rebels.

The stunning, never-before-told story of Ruben "Doc" Cavazos, international president of the Mongols Motorcycle Club. When Ruben "Doc" Cavazos changes his clothes at daybreak, he is no longer a CAT scan technician at the University of Southern California Medical Center. He becomes the man known—and, in a few special cases, feared—as Doc, international president of the Mongols, the fastest-growing and most closely watched organization of its kind in the United States. In reality, the Mongols are a tightly knit band of brothers devoted in equal measure to the club, their fellow Mongols, and their freedom. They live to enjoy life, party, and travel the open road. Above all, they demand respect. When pushed too far, Mongols join together to push back. Just ask the Hells Angels, the Ukrainian mafia, the Mexican mafia, and the U.S. government. All have tested the Mongols' resolve. In *Honor Few, Fear None*, Doc is ready, for the first time, to share the stories of the Mongols' battle to survive and thrive against incredible odds and sometimes terrible violence. Doc takes you to the streets and into the bars, the secret meetings, the brawls, and the shoot-outs, all proof that if you live like a Mongol does, you must honor few, fear none.

A legend in the biker community, Peter "Big Pete" James was the most revered gangster in the Outlaw Nation. He first perfected his skills with the Hells Angels, the Outlaws' chief rival, before persuading thousands of disgruntled members from splintered Outlaws chapters to unite. Together, they formed a powerful criminal syndicate involved in extortion, contract murders, drugs and arms trafficking, money laundering and assassinations. Then a shocking medical diagnosis knocked James sideways, forcing him to face a new life on the outside of the organization he built, dodging snitches, federal law enforcement, and contract hits. In *The Last Chicago Boss*, James provides a startling and unprecedented expose into the inner workings of the Outlaw Nation from the unique perspective of its renowned leader, all brought to life through never-before-revealed interviews, police files, wiretaps, recordings, and trial transcripts.

From the bestselling writers of *Black Mass*, now a major film, comes the definitive biography of Whitey Bulger – the most brutal modern day mafia boss since Gotti. Drawing on previously classified material, Whitey tells the story of James J. 'Whitey' Bulger, the crime boss, psychopath and killer who brought the FBI to its knees. From his childhood on the streets of South Boston and his cell in Alcatraz in the 1950s, to the corrupt pact with the FBI and the fifteen years he hid in plain sight as one of the FBI's Ten Most Wanted, Whitey is the story of corruption, greed and an insatiable

hunger for power and control. A sadistic crime boss who liked to get his hands dirty even at the top, this explosive biography creates a portrait of a monster, and one of the most successful organised crime careers of all time.

A look at the ongoing war between the Outlaws Motorcycle Club and the Hells Angels, a fight that has lasted for over sixty years and has taken place across much of North America, Europe and Australia.

From the popularity of cable television shows concerning building choppers or the criminal aspects of the motorcycle gang lifestyle, to the phenomenal success of the Harley-Davidson Motor Company, no one can deny America has become fascinated with bikers and the machines they love. Author Dave Spurgeon provides a firsthand look into the world of the Harley enthusiast and beyond. He takes you to where few have dared to tread—into the sinister, and often misunderstood, reality of the true one-percenters. He takes you on a ride into a place about which many are curious, but few know well. Be advised: This is not the exhaustive work of an investigative reporter, nor an account of the zealous efforts of an undercover law enforcement operation. This is the personal chronicle of Spurgeon's 15 years in the fast lane. Sobering, sometimes humorous, yet always painfully accurate, it begins with his love affair with the motorcycle and then continues into the ominous 1%er Brotherhood of the bike gang culture in America. You will be educated, entertained, warned, and enlightened by this brutally honest narrative from a man who has been there and back and lived to tell about it.

Among members of the outlaw motorcycle clubs, Caesar Campbell is a legend. Former sergeant-at-arms and chief enforcer for the Comancheros, Caesar became the founding member and sergeant-at-arms of the Australian chapter of the Bandidos. He epitomised bikie culture - unbeatable in a fight, brutal in the extreme, fearing no one and nothing, and loyal until death. This is Caesar's story, from his recruitment into the Comancheros, to the savage split within the club that led to the foundation of the Bandidos and the bloody massacre at Milperra that resulted from it. This was the massacre that saw the death of two of Caesar's brothers, and resulted in four bullet wounds and a lengthy jail term for him. Never before has someone so respected in the bikie gangs opened a window on to their world. The fact that Caesar has been able to do so is a testament to his ruthlessness, his fearlessness and his reputation in the bikie community. Enforcer is a unique and captivating true crime story that will shock you with its raw violence, its brutality and its insights into an outlaw world. An outlaw motorcycle club is a band of brothers like no other. Hidden away from mainstream society behind multiple layers of secrecy, mythology and a sophisticated campaign of misinformation that portrays them as nothing more than loveable rogues, the brutal truth about the biker world has long escaped public scrutiny. In reality, today's outlaw bikers are at the epicentre of a violent underworld subculture, enforced by a ruthless code of silence, and control a global criminal empire worth millions. Spanning the UK, Europe, America, Canada and Australia, OUTLAWS by Tony Thompson is a compelling, shocking and chilling story of how bikers are born and made, and how and why they die.

The author was a member of the Hardinbrooke ox-train; this is a journal of her experiences in the Montana migration.

The gripping account from an ex-con who infiltrated three of America's most violent biker gangs. Working undercover for the ATF in separate investigations that spanned years, and crossed the US continent, Charles Falco penetrated three of America's toughest and most lawless motorcycle gangs: the Vagos, Mongols and Outlaws. Falco spent almost three years in the Vagos, rising to second in command of the notorious Victorville, California

chapter. He even served time in San Bernardino's Murder Unit to protect his cover and the investigation. When the operation against the Vagos drew to its dramatic conclusion, Falco was forced to seek refuge in the Witness Protection Program, but found he could not stay on the sidelines for long. Again using his talents and hard-won experience he infiltrated the Mongols and Outlaws, rising in rank to Vice President of the Petersburg, Virginia Outlaws chapter. Falco's years of undercover work culminated in the arrests of sixty-two bikers, and was the key to one of America's most successful RICO prosecutions against motorcycle gang crime. Charles Falco's story, told with Kerrie Droban, delves into the brutal realities of the biker underworld, in an explosive narrative laced with danger, violence and Falco's incredible courage.

The only patch-wearing outlaw biker to become a sworn police officer — and live to tell his tale In 1977, Wayne "Big Chuck" Bradshaw was Jersey tough. He was a member of the outlaw Pagans bike gang, a One Percenter, and had earned his colours in a world of boozing, bloody bar fights, and high-stakes crime. But after getting too close to extreme violence, Bradshaw made the life-threatening decision to change his path. The toughness Bradshaw used to survive biker life led him to a distinguished and heroic career as an undercover narcotics officer for the same New Jersey police department that had once arrested him. Bradshaw tells his story with the truth of the streets, from his time in the U.S. Army to his decision to join the Pagans, to the wild adventures of working narcotic stings. He rode with truly dangerous criminals and then returned to those same places as a cop. He tracks down fugitives in Jersey's toughest neighbourhoods, risks his life rescuing dozens from a fire in a seniors' residence, and volunteers in the aftermath of 9/11. Jersey Tough is an unflinching memoir of personal struggle, of battling with darkness, and ultimately of redemption.

Lorne Campbell was an officer and enforcer for the outlaw biker club Satan's Choice for over thirty years, before patching over to the Hells Angels. The product of a violent childhood, with a hair-trigger temper and fearless nature, he just wanted a place to belong. He found brotherhood with his fellow one per centers, and a code he has lived his life by. In his time he's seen club life slip further into the criminal underworld and be transformed by cocaine dealing. He killed a rival biker to save his brothers and has been imprisoned for assault and drug trafficking. He's faced off police out to get him, taken revenge on men who betrayed him, and gone to extreme lengths to protect his honour and his club. Written with dark humour and raw honesty, and filled with unforgettable characters living life on their own terms, Satan's Choice is a unique insight into an outlaw world seen through the eyes of one proud and unrepentant biker.

In 1998, William Queen was a veteran law enforcement agent with a lifelong love of motorcycles and a lack of patience with paperwork. When a "confidential informant" made contact with his boss at the Bureau of Alcohol, Tobacco and Firearms, offering to take an agent inside the San Fernando chapter of the Mongols (the scourge of Southern California, and one of the most dangerous gangs in America), Queen jumped at the chance, not realizing that he was kicking-starting the most extensive undercover operation inside an outlaw motorcycle gang in the history of American law enforcement. Nor did Queen suspect that he would penetrate the gang so successfully that he would become a fully "patched-in" member, eventually rising through their ranks to the office of treasurer, where he had unprecedented access to evidence of their criminal activity. After Queen spent twenty-eight months as "Billy St. John," the bearded, beer-swilling, Harley-riding gang-banger, the truth of his identity became blurry, even to himself. During his initial "prospecting" phase, Queen was at the mercy of crank-fueled criminal psychopaths who sought to have

him test his mettle and prove his fealty by any means necessary, from selling (and doing) drugs, to arms trafficking, stealing motorcycles, driving getaway cars, and, in one shocking instance, stitching up the face of a Mongol "ol' lady" after a particularly brutal beating at the hands of her boyfriend. Yet despite the constant criminality of the gang, for whom planning cop killings and gang rapes were business as usual, Queen also came to see the genuine camaraderie they shared. When his lengthy undercover work totally isolated Queen from family, his friends, and ATF colleagues, the Mongols felt like the only family he had left. "I had no doubt these guys genuinely loved Billy St. John and would have laid down their lives for him. But they wouldn't hesitate to murder Billy Queen." From Queen's first sleight of hand with a line of methamphetamine in front of him and a knife at his throat, to the fearsome face-off with their decades-old enemy, the Hell's Angels (a brawl that left three bikers dead), to the heartbreaking scene of a father ostracized at Parents' Night because his deranged-outlaw appearance precluded any interaction with regular citizens, *Under and Alone* is a breathless, adrenaline-charged read that puts you on the street with some of the most dangerous men in America and with the law enforcement agents who risk everything to bring them in.

Ralph Steadman's hilarious and revealing story of his bizarre and crazy relationship with Hunter Thompson.

In the early 1960s, Phil Cross joined the Gypsy Jokers MC. In 1969, he patched over to the Hells Angels MC. This book chronicles the life and times of Mr. Cross in words and photos.

"A funny, raucous, eye-opening, wholly non-partisan trip in search of Americans who love their guns"--

In 2001 Jay Dobyns infiltrated a Hells Angels chapter operating in Arizona, in a highly secretive ATF investigation code named Operation Black Biscuit. The aim was simple: to examine the criminal underbelly of the world's most famous biker group, and bring a major case against them. The reality, however, was much more complicated. In the twenty-one months that he spent inside the club, Dobyns became seduced by the outlaw lifestyle: seduced by the physical menace that comes with wearing the patch; seduced by riding his Harley down the highway at 100 miles an hour, eight bikes to a column, one bike's wheels 18 inches from the next; and seduced by the intense bonds he forms within the club, where friends lay down their lives for each other. No Angel is a thrilling, adrenaline-fuelled ride of a book, which lifts the lid on the world's most infamous underworlds.

This buyer's guide for the classic BSA Gold Star covers the complete range of production from the original 1938 Model M24 through post-WWII models ZB, BB, CB, DB and DBD. It is organized for potential Gold Star buyers to use when inspecting one of these highly desirable machines for possible purchase. Significantly expanded from the previous edition, it includes specialized information and photographs necessary to avoid paying Gold Star prices for the similar-looking B32/B34 and Alloy Clipper "competition models," or purchasing dubious components such as renumbered engines and counterfeit RRT2 gearboxes. The information also will be invaluable for restorers as well as people generally interested in the history of these machines. One chapter is devoted to the 1957 Spitfire Scrambler, a little-known hybrid produced only that year consisting of a twin-cylinder 650 cc engine in Gold Star cycle parts, predating the Rocket Gold Star by five years. The main body of the 4th edition was 21 pages, with 16 figures and 11 tables. The main body of the 5th edition has more than doubled to 50 pages and now has 44 figures and 17 tables containing information on the proper speedometers, tachometers, gearboxes, carburetors, etc., and cover all models, including Clubman, Catalina Scrambler, Road Racer, Dirt Tracker, and Competi-

tion 'All Sports'. Sixty-four pages of color advertisements and images from rare sales brochures and magazines contain information for all years of this machine, from a pre-production 1937 description of expected specifications, to a listing in a 1964 sales brochure issued a year after the last Gold Star was manufactured (not covered are the B25/B50 machines that were given the name in 1971-72). For the restorer or rebuilder, a very useful "reverse parts list" specially created for this book has DBD part numbers sorted in numerical order, enabling part numbers to be quickly identified and associated with the corresponding figures in the BSA parts manual. If you ever might want to buy, restore, or rebuild a Gold Star, the information in this book can save you considerable time as well as keep you from making some very costly mistakes. CHAPTERS: 1. Who Should Buy This Book? 2. Mini-History of the Gold Star 3. U.S. Gold Star Models 4. Current (2015) Selling Prices 5. Cost of Restoration 6. Major Features to Check 7. B32, B32A, B34 and B34A Competition and Alloy Clipper 8. Aftermarket Accessories 9. Summary--Checklist of a Few Important Points 10. Procedure for Starting a Gold Star 11. 1957 Spitfire Scrambler 12. Sources of Additional Information 13. Useful Addresses 14. Selected Material from Advertisements and Sales Brochures 15. Figures from DBD Gold Star Parts Manual (Catalogue No. 00-5076) 16. Part Numbers (in numerical order) from DBD Gold Star Parts Manual REVIEWS of the 4th Edition: "Buying a Goldie? Buy This First." (Classic Bike); "...it stands as an ultimate Gold Star buyer's resource." (Classic Bike Guide); "...a mine of useful information (so) there's no excuse for not knowing what you need to know." (Classic Motorcycle Mechanics); "It is the outstanding book on Goldies." (Walneck's Classic Cycle Trader); "a must-have book for Gold Star fans... like an owner's manual on steroids..." (Cafe Racer).

Droban chronicles the inside story of the ATFs infiltration of the Hells Angels, one of the most notorious and violent outlaw motorcycle gangs in history.

Biker Gangs and Transnational Organized Crime, Second Edition, describes and analyzes a rapidly expanding global problem: criminal acts committed by motorcycle gangs. Thomas Barker, one of the world's top experts on outlaw biker gangs, offers fascinating details about the Bandidos, the Vagos, the Mongols, and other "one percenters" (criminal biker gangs, as opposed to the vast majority of motorcycle enthusiasts). He combines this data with a strengthened conceptual framework that makes sense of this complicated picture. U.S.-based motorcycle gangs like the Hells Angels have proliferated, especially in Canada and Europe, to the point where these gangs have more members in other countries than in the United States. Increasingly more often in recent years their crimes are not limited to rumbles or drug use—these gangs challenge the dominance of organized crime, leading to violent conflicts between the rivals. Germany, Scandinavia, the UK, the Netherlands, and Canada are particularly hard-hit by this rising violence. One of Barker's unique contributions is his Criminal Organization Continuum, building on the groundbreaking network approach to organized crime proposed by Klaus von Lampe. Introduced in the first edition, Barker elaborates his continuum tool and makes it more multi-dimensional to help refine the definition of adult criminal gangs. The product of years of research, this book lays the groundwork for further study by offering students, police, and researchers the most thorough account available of outlaw motorcycle gangs.

On the morning of April 8, 2006, residents of the hamlet of Shedden, Ontario, woke up to the news that the bloodied bodies of eight bikers from the Bandidos gang had been found dead on a local farm. The massacre made headlines around the world, and the shocking news brought a grim light to an otherwise quiet corner of the province. Six Bandidos would eventually be convicted of

the first-degree murder of their biker brothers. Like other outlaw bikers, Bandidos portray themselves as motorcycle aficionados who are systematically misunderstood and abused by police, as well as feared by the public. We now know the Bandidos were anything but simple motorcycle enthusiasts. However, unlike such biker gangs as the Hells Angels, who run sophisticated criminal empires, the Bandidos were highly disorganized and prone to petty infighting, and even engaged in sabotaging fellow members. This is the story of how the Bandidos self-destructed over one dark night. As gripping as any crime novel, *The Bandido Massacre* takes us inside a crumbling brotherhood bent on self-obliteration and betrayal.

In this explicit first-hand account, a biker who spent 46 years as a member of the Hells Angels and Satan's Choice invites bestselling author Peter Edwards into the story of life lived as we've only imagined it. A kid raised by his father's fists on the wrong side of a blue-collar town, Lorne Campbell grew up watching the local bikers ride past, making him wonder what that kind of freedom and power would feel like. He soon found out. At the age of 17, he became the youngest-ever member of the Satan's Choice Motorcycle Club and spent the next 5 decades living a life for which he does not ask forgiveness, only that his story finally be told, and that his family finally understand what drove him to live the way he did. With moments of terror and humour, great sadness and the simple pleasures of camaraderie and the open road, *Unrepentant* is a book like none other.

THE BLACK HAND is the true story of Rene Enriquez, aka "Boxer," and his rise in a secret criminal organization, a new Mafia, that already has a grip on all organized crime in California and soon all of the United States. This Mafia is using a base army of an estimated 60,000 heavily armed, loyal Latino gang members, called Surenos, driven by fear and illicit profits. They are the most dangerous gang in American history and they wave the flag of the Black Hand. Mafioso Enriquez gives an insider's view of how he devoted his life to the cause--the Mexican Mafia, *La Familia Mexicana*, also known as *La Eme*--only to find betrayal and disillusionment at the end of a bloody trail of violence that he followed for two decades. And now, award-winning investigative journalist Chris Blatchford, with the unprecedented cooperation of Rene Enriquez, reveals the inner workings, secret meetings, and elaborate murder plots that make up the daily routine of the Mafia brothers. It is an intense, never-before-told story of a man who devoted his life to a bloody cause only to find betrayal and disillusionment. Based on years of research and investigation, Chris Blatchford has delivered a historic narrative of a nefarious organization that will go down as a classic in mob literature.

The compelling story of the rise and rule of one of the world's most feared outlaw motorcycle gangs - in the bestselling tradition of *Dead Man Running* and *The Brotherhoods*.

So many days I felt like a god, drunk with freedom and power, riding a motorcycle I'd crafted with my own two hands with that winged skull on my back. George Christie was president of the notorious Ventura charter of the Hells Angels for three decades. While Sonny Barger was the club's reckless leader, George was the negotiator, the spokesman. In *Exile on Front Street* he takes us on an action-packed ride through his years as a Hells Angel, from the bloody brawl that started the war with the Mongols to learning that a contract had been taken out on him by the head of the Outlaws. He describes the brotherhood and the betrayals, being targeted by the Feds and his stretches in prison. He also reveals how the club changed, why he decided to leave for the sake of his family and how the leadership turned on him. Now Christie has decided to set the record straight in this hard-hitting account of what it means to be a Hells Angel through good times and bad.

Winner of the USA Book News National Book Award for Best Nonfiction True Crime and Best Memoir/Autobiography By the time he was thirteen, he already had attended thirteen funerals. Abandoned by his mother, and with his father, "Mangy" Menginie—president of the Pagans Motorcycle Club, Philadelphia chapter—in jail, Anthony "LT" Menginie is raised inside the Pagans and inducted into a life of sex, violence, drugs, and organized crime. In Mangy's absence, LT finds a father figure in the Saint, a club member who helps teach him the difference between the club members you respect...and those you fear. The author recounts the power struggles that occur when Mangy is released from jail and tries to resume his role as father and president. Soon all hell breaks loose when Mangy betrays the club by going over to the rival Hells Angels, helping to touch off the "Biker Wars" in Philadelphia. The chapter's new president grooms LT to one day confront his father for his treachery. Faced with an impossible decision, LT has to decide where his loyalties lie. *Prodigal Father, Pagan Son* is a voyeuristic glimpse into the shocking and hypnotic underworld of notorious "one-percenter" biker clubs, hit men, drug dealers, and the other individuals who operate under no other rules than the "club code." But more than this, Menginie's story is the gritty and powerful true tale of surviving amid personal trials and tragedies, and of one man's determination to escape to a better life.

In this no-holds-barred memoir, a legendary biker recounts his life of sex, drugs, rock & roll and lots of broken laws. Here is the true-life story of Richard "Deadeye" Hayes in all its bad-ass, balls-to-the-wall glory. This is a man who stole a machine gun before he was seven and lost his left eye when a good friend shot him in the face. As a member—and then president—of the infamous Los Valientes Motorcycle Club, he broke more laws and had more fun than any six of the coolest guys you know. One of the last true Outlaw Bikers, Deadeye knows what it means to be a man, take shit from no one, and have tattoos that actually say something. Riding, drug dealing, and sending men to the hospital with his bare hands, Deadeye made himself a legend among bikers—all the while making sure his daughters never got mixed up with guys like him. "This may just be the best book ever written by an author who's been shot twice, stabbed once, and bitten by a rattlesnake!" —Geoffrey Leavenworth, author of *Isle of Misfortune* Relates the undercover work of George Rowe, who infiltrated the Vagos motorcycle gang, spending three years working to take down the gang from the inside.

This book takes you on a turbulent ride through the life of Terry "the Tramp," long-time leader of one of the most notorious motorcycle clubs of all time, the Vagos MC.

In this breathless, adrenaline-charged "New York Times" best-seller, a veteran law enforcement agent tells the true story of how he went undercover to infiltrate America's most violent outlaw motorcycle club, Hells Angels.

Four days on the job Jay Dobyns was shot in the back by a criminal suspect. For the next twenty-seven years, he accepted every dirty and dangerous undercover assignment possible. Death threats mounted from street criminals and he was again shot in the back. This time not by a suspect, but by the people he worked for

ABOUT THE BOOK This book was written to show the journey of a former gang leader and crime boss named Derek Grover, street name D-Man, from being just another kid in the hood through his journey of becoming one of the most powerful street gang leaders in Southeast San Diego. The book breaks down the most important things or knowledge of the inner workings of a criminal street gang. Written in the form of a dictionary, this book will help explain how the gangster thinks, his reasoning, and make sense

of his violent life style. This book is non-fiction. By perfecting how to survive the streets, the author is able to teach the reader how to avoid being killed by law enforcement, rival gangsters, and general criminals of the streets.

In August 1964, a disheveled band of motorcyclists mysteriously appeared in Milwaukee. Over the course of the next decade, the Outlaws Motorcycle Club (OMC) became synonymous with acts of intimidation and violence. In the ruthless world of renegade bikers, the OMC's Milwaukee chapter became known as the "Wrecking Crew." *You Gotta Be Dirty: The Outlaws Motorcycle Club in & Around Wisconsin*, examines the evolution of outlaw motorcycle clubs in the United States. From 1947 - the early 1960s, the influence of rogue riders - the one-percent of motorcyclists living outside the law - spread from the west coast and in to America's heartland. In Wisconsin, investigators linked members of the Outlaws to at least eleven murders. Four of the innocent persons killed were women and two were elderly. Three children also lost their lives: A fifteen-year-old boy was killed by an explosive device; an infant perished in an arson fire; and a ten-year-old boy was executed vis-a-vis a gunshot to the head. During the tumultuous 1990s, the Outlaws orchestrated a guerrilla-style offensive in a quest to beat back the expansion of the world's largest one-percent motorcycle club - the Hells Angels (HAMC). During this period, the HAMC began courting the Hell's Henchmen Motorcycle Club, a group with chapters in Chicago, Rockford, and South Bend, Indiana. The Hells Angels' bold move into northern Illinois touched-off a seven-year conflict that was exacerbated by beatings, bombings, and shootings. "As a former outlaw biker investigator," wrote author and retired Milwaukee Police Department Detective Larry Powalisz, "I participated in the investigations of several of the incidents documented in this well-researched book. This history of the Outlaws Motorcycle Club shines a bright light on the one-percent motorcycle subculture."

A first hand account of perhaps the most powerful and influential crime group currently operating in Australia and North America. It is the first time ever that an insider has told the true and chilling story of the bike gangs that dominate the drug and illegal weapons trade.

The spiritual godfather of Canadian bikers tells the story of his fascinating life. You could call Bernie Guindon the Sonny Barger of Canadian bikers (but not to his face). The founder of Satan's Choice, Guindon led what was in the 1960s the second-largest biker club in the world (after the Hells Angels, which Bernie would join briefly in the early 2000s) to national prominence and international infamy. His life wasn't all bikes and crime. He was also a medalist in boxing for Canada at the Pan Am Games. That tension between the very rough life he was born into and the possibility for success in the straight world (and how aspirations in each fed his success in the other) layer Guindon's story, one of the great untold stories in biker history. Friends from the biker world and Guindon's family have given extensive interviews for *Hard Road*, including his son, Harley, a convict and outlaw biker himself.

Sons of Anarchy meets *The Departed* in this fast-paced, high-wire act memoir from former ATF agent Ken Croke, the first federal agent in history to go undercover and successfully infiltrate the infamous—and infamously violent—Pagan Motorcycle Club, a white supremacist biker gang. Longtime ATF agent Ken Croke had earned the right to coast to the end of a storied career, having routinely gone undercover to apprehend white supremacists, gun runners, and gang members. But after a chance encounter with an associate of the Pagan Motorcycle Gang created an opening, he transformed himself into "Slam," a monstrous, axe-handle wielding enforcer whose duty was to protect the leadership "mother club" at all costs. He befriended the club's most violent and criminally insane members and lived among them for two years, covertly building a case that would eventually take down the top members of the gang in a massive federal prosecution, even as he risked his marriage, his sanity, and his life. With today's law enforcement largely moving toward the comparative safety of cyber operations, it became one of the last of its kind, a masterclass in old school tactics that marked Croke as a dying breed of undercover agent and became legendary in law enforcement. Now for the first time, Croke tells the story of his terrifying undercover life in the Pagans—the unspeakable violence, extremism, drugs, and disgusting rituals. Written with bestselling crime writer Dave Wedge and utilizing the exclusive cooperation of those who lived the case with him, as well as thousands of pages of court files and hours of surveillance tapes and photos, Croke delivers a frightening, nail-biting account of the secretive and brutal biker underworld.

This memoir was recently discovered and appears to have been written in the 1920s by someone who asserts that he was Jack the Ripper. This person is James Carnac, this memoir written shortly before his death is an account of his entire life, including a few short months in 1888 when he became the murderer known to posterity as Jack the Ripper. This book introduces a new suspect for the infamous murders in Whitechapel in 1888. There is information in this book that does not appear to be derived from contemporary newspapers or any other publications and the descriptions of Tottenham in the 1870s, the visits to performances of *Jekyll and Hyde*, the intricate geography of Whitechapel in 1888 are written with pin-point accuracy. There is also a credible motive given for James becoming the murderer Jack and also a reason for the end of the murders. Given the fact that the author also appear to have knowledge about aspects of the case not in the public arena at the time it could be that this actually is the autobiography of Jack the Ripper. Ultimately it is up to the reader to decide if they believe the mystery has been solved at last but even if they end up deciding the account to be a work of fiction it would still be one of the very earliest imaginings of the Ripper case, written in the early years of the twentieth century, a fascinating piece of period writing and a worthy addition to the Ripper canon. Whatever side they come down on there is no question that this book will be a source of much debate.
