ing exposé

### Virtual Competition: The Promise and Perils of the ...

Virtual Competition: The Promise and Perils of the Algorithm-Driven Economy argues that these companies, with their immense data advantage, are effectively making their own rules in the marketplace, beating back new market entrants, and disadvantaging customers.

### Virtual Competition — Ariel Ezrachi, Maurice E. Stucke ...

Ariel Ezrachi and Maurice Stucke take a hard look at today's app-assisted paradise of digital shopping. The algorithms and data-crunching that make online purchasing so convenient are also changing the nature of the market by shifting power into the hands of the few, with risks to competition, our democratic ideals, and our overall well-being.

### Virtual Competition — Ariel Ezrachi, Maurice E. Stucke ...

A fine read on the perils of platforms and big data, Virtual Competition delves into the downside of a life increasingly dictated by the algorithms. While the tone in the book comes off as somewhat overly alarmist, the messages the authors seek to impart nonetheless resonate.
