## **B05KKY - ORR CARRILLO**

---

In August 1966, Volvo presented a new 4-door car called the Volvo 144. It represented the start of an entirely new car series which, until the mid-1970s, accounted for Volvo's volume models. The styling of the 144 was truly timeless and this is confirmed by the fact that

the car in developed form was still being sold successfully in the mid-1980s.
