Amid uncertainty and rising panic, Lindsay juggles the possibility of a new love with an unsolvable investigation, and the knowledge that one member of the club could be on the brink of death. And just when everything appears momentarily under control, the case takes a terrifying turn, putting an entire city in lethal danger. Lindsay must make a choice she never dreamed she'd face with no certainty that either outcome has more than a prayer of success.

Americans are losing touch with reality. On virtually every issue, from climate change to immigration, tens of millions of Americans have opinions and beliefs wildly at odds with fact, rendering them unable to think sensibly about politics. In *How America Lost Its Mind*, Thomas E. Patterson explains the rise of a world of “alternative facts” and the slow-motion cultural and political calamity unfolding around us. We don’t have to search far for the forces that are misleading us and tearing us apart: politicians for whom division is a strategy; talk show hosts who have made an industry of outrage; news outlets that wield conflict as a marketing tool; and partisan organizations and foreign agents who spew disinformation to advance a cause, make a buck, or simply amuse themselves. The consequences are severe. *How America Lost Its Mind* maps a political landscape convulsed with distrust, gridlock, brinksmanship, petty feuding, and deceptive messaging. As dire as this picture is, and as unlikely as immediate relief might be, Patterson sees a way forward and underscores its urgency. A call to action, his book encourages us to wrest institutional power from ideologues and disruptors and entrust it to sensible citizens and leaders, to restore our commitment to mutual tolerance and restraint, to cleanse the Inter-

net of fake news and disinformation, and to demand a steady supply of trustworthy and relevant information from our news sources. As philosopher Hannah Arendt wrote decades ago, the rise of demagogues is abetted by “people for whom the distinction between fact and fiction, true and false, no longer exists.” In *How America Lost Its Mind*, Thomas E. Patterson makes a passionate case for fully and fiercely engaging on the side of truth and mutual respect in our present arms race between fact and fake, unity and division, civility and incivility.

NEW YORK TIMES BESTSELLER • “One of our most inventive purveyors of the form returns with pitch-perfect, genre-bending stories that stare into the abyss of our national character. . . . An exquisite work from a writer whose reach is galactic.”—Oprah Daily Booker Prize winner George Saunders returns with his first collection of short stories since the New York Times bestseller *Tenth of December*. ONE OF THE BEST BOOKS OF THE YEAR: *The New Yorker* The “best short-story writer in English” (*Time*) is back with a masterful collection that explores ideas of power, ethics, and justice and cuts to the very heart of what it means to live in community with our fellow humans. With his trademark prose—wickedly funny, unsentimental, and exquisitely tuned—Saunders continues to challenge and surprise: Here is a collection of prismatic, resonant stories that encompass joy and despair, oppression and revolution, bizarre fantasy and brutal reality. “Love Letter” is a tender missive from grandfather to grandson, in the midst of a dystopian political situation in the (not too distant, all too believable) future, that reminds us of our obligations to our ideals, ourselves, and one another. “Ghoul” is set in a Hell-themed section of an underground amusement park in Colo-

rado and follows the exploits of a lonely, morally complex character named Brian, who comes to question everything he takes for granted about his reality. In "Mother's Day," two women who loved the same man come to an existential reckoning in the middle of a hailstorm. In "Elliott Spencer," our eighty-nine-year-old protagonist finds himself brainwashed, his memory "scraped"—a victim of a scheme in which poor, vulnerable people are reprogrammed and deployed as political protesters. And "My House"—in a mere seven pages—comes to terms with the haunting nature of unfulfilled dreams and the inevitability of decay. Together, these nine subversive, profound, and essential stories coalesce into a case for viewing the world with the same generosity and clear-eyed attention Saunders does, even in the most absurd of circumstances.

'High-octane . . . nail-biting' Daily Mail

We will take on any case, solve any crime, uncover any secret. We are Pri-

vate. And we're the best. \_\_\_\_\_ Even the world's greatest detective agency sometimes finds itself in too deep... Jack is setting up a new office in Delhi, and Santosh is the only person he can trust. Still battling his demons, Santosh accepts, and it's not long before the agency takes on a case that could make or break them. Plastic barrels containing dissolved human remains have been found in the basement of a house in an upmarket area of South Delhi. But this isn't just any house, this property belongs to the state government. With the crime scene in lockdown and information suppressed by the authorities, delving too deep could make Santosh a target to be eliminated.

No Safe Place centres on seven days in a closely contested Presidential primary, in which political violence, abortion politics and potential scandal all converge. Kerry Kilcannon is a young senator from New Jersey, the younger brother of a murdered presidential aspirant. Now Kerry, too, is seeking the presidency. But Kerry's past and present have begun to converge. Unknown to him, he is being stalked by Sean Burke, an anti-abortion fanatic intent on killing him before election day. And Nate Cutler, a political reporter for a national newsmagazine is trying to establish that two years before - while still married - Kilcannon had an affair with Lara Costello, another reporter covering Kilcannon which resulted in an abortion. Through a narrative which weaves past and present, No Safe Place introduces the compelling character, Kerry Kilcannon, and raises questions about abortion politics, the gun cul-

ture in America, and the degree to which the press is - or should be - intent on exposing the private lives of political leaders. On the eve of the election, those forces converge in a sensational and shocking climax.

A topical novel about lost love, growing older and the realities of life in a society that is still coming to terms with thirty years of violence, some of that violence still very present and dangerous. When he unexpectedly loses his job, Herbie struggles to find new meaning. His wife, the great love of his life, has long left him for a Southerner, and his daughter has fled Belfast for London in search of work and an easier life. But a local cafe

under new ownership, a friend in need and an unexpected spark of romance give Herbie something to wake up for. From the author of *Gull and Backstop Land*, *Where Are We Now?* is a novel about lost love, growing older and the realities of life in a society still haunted by decades of violence. By turns moving and funny, topical and sharp, it is a life-affirming story of a life not yet over.

Rafe and the rest of the pack of 'delinquent' trainees are forced to cooperate as they prepare for the final test: a solo excursion in the deep woods. Can Rafe come out of the experience in one piece? And if he does, will anyone recognise him as the kid they once knew?

Why are our politicians almost universally perceived as liars? What made candidate Bill Clinton's draft record more newsworthy than his policy statements? How did George Bush's masculinity, Ron-

ald Reagan's theatrics with a microphone, and Walter Mondale's appropriation of a Wendy's hamburger ad make or break their presidential campaigns? Ever since Watergate, says Thomas E. Patterson, the road to the presidency has led through the newsrooms, which in turn impose their own values on American politics. The results are campaigns that resemble inquisitions or contests in which the candidates' game plans are considered more important than their goals. Lucid and aphoristic, historically informed and as timely as a satellite feed, *Out of Order* mounts a devastating inquest into the press's hijacking of the campaign process -- and shows what citizens and legislators can do to win it back.

The #1 Sunday Times and International Bestseller from 'the most influential public intellectual in the Western world right now' (New York Times) What are the most valuable things that everyone should know? Acclaimed clinical psychologist Jordan Peterson has influenced the modern understanding of personality, and now he has become one of the world's most popular public thinkers, with his lectures on topics from the Bible to romantic relationships to mythology drawing tens of millions of viewers. In an era of unprecedented change and polarizing politics, his frank and refreshing message about the value of individual responsibility and ancient wisdom has resonated around the world. In this book, he provides twelve profound and practical principles for how to live a meaningful life, from setting your house in order before criticising others to comparing yourself to who you were yesterday, not someone else today. Happiness is a pointless goal, he shows us. Instead we must search for meaning, not for its own

sake, but as a defence against the suffering that is intrinsic to our existence. Drawing on vivid examples from the author's clinical practice and personal life, cutting edge psychology and philosophy, and lessons from humanity's oldest myths and stories, *12 Rules for Life* offers a deeply rewarding antidote to the chaos in our lives: eternal truths applied to our modern problems.
