The goals of the educational process were classified by Benjamin Bloom into a hierarchy of educational objectives. This classification system, known as Bloom's Taxonomy, divides cognitive objectives into subdivisions ranging from simple to complex. Although other systems have been proposed, Bloom's remains widely recognized by educators and utilized in Critical Thinking curriculum. The six subdivisions include knowledge, comprehension, application, analysis, synthesis, and evaluation. This book is divided into six sections to match the subdivisions of Bloom's Taxonomy and designed to teach critical thinking skills by providing a variety of across-the-curriculum activities in math, language arts, science, social studies, history, geography, art, and music. An answer key is included.

This is a perfect supplement to any classroom language arts curriculum. The book covers 40 weeks of daily practice. It includes 4 comprehension writing exercises a day for four days a week. A separate assessment is included with every exercise.

The author is a dedicated Christian who believes that daily devotions are a means of daily contact with and an essential part of maintaining a necessary personal relationship with our wonderful Lord. God's word can be mentally interpreted, but to be able to fully digest its truth and apply it to our hearts, it must be inspired by the Holy Spirit as he provides spiritual truth and understanding. The Holy Spirit spoke the words in this devotional each morning to be shared with everyone who has a desire to understand God's will for their lives as well as those who may be only seeking. Our God is compassionate and merciful, full of hope and love for all, even his sometimes-errant children. May the words of these devotions help us keep our feet on the path he has laid out for each of us and help restore us when we stray from his warmth and safety as we remember that he is only waiting to welcome us back into his loving arms!

This practical guide shows teachers how to introduce academic language to young children, with an emphasis on appreciating and leveraging linguistic diversity. New educational standards are asking students to master content-area concepts and increasingly complex texts in earlier grades. This practitioner-friendly text provides instructional materials, sample dialogues, and assessment tools to facilitate academic language use in PreK-3 classrooms. The authors describe the word, sentence, and discourse levels of academic language, while encouraging teachers and students to consider purpose, participants, discipline, and context. Strategies are provided to help readers adapt language for a variety of academic purposes across mathematics, science, play, mealtimes, and ELA instruc-

tion. The text includes discussion questions, reproducible activities, planning materials, assessment tools, and handouts to facilitate smooth implementation into classroom practice. From *Words to Wisdom* will empower teachers to build bridges to academic success for all young learners. **Book Features:** Expands teachers' understanding of academic language beyond vocabulary to include syntax and discourse-level features. Includes specific strategies, activities, and suggestions for teaching from and with academic language across multiple settings and disciplines. Addresses all students, including multilingual and linguistically diverse speakers. Incorporates user-friendly features, such as text boxes, vignettes, assessment protocols, and sample teaching materials.

With almost 5 million copies sold 60 years after its original publication, generations of readers have now journeyed with Milo to the Lands Beyond in this beloved classic. Enriched by Jules Feiffer's splendid illustrations, the wit, wisdom, and wordplay of Norton Juster's offbeat fantasy are as beguiling as ever. "Comes up bright and new every time I read it . . . it will continue to charm and delight for a very long time yet. And teach us some wisdom, too." --Phillip Pullman *For Milo, everything's a bore.* When a tollbooth mysteriously appears in his room, he drives through only because he's got nothing better to do. But on the other side, things seem different. Milo visits the Island of Conclusions (you get there by jumping), learns about time from a ticking watchdog named Tock, and even embarks on a quest to rescue Rhyme and Reason. Somewhere along the way, Milo realizes something astonishing. Life is far from dull. In fact, it's exciting beyond his wildest dreams!
