The fifth title in The Horus Heresy: Primarchs series, delving into the story of Lorgar, primarch of the Word Bearers Legion and the first of the Emperor's sons to fall to Chaos. Most devoted of all the primarchs, it was Lorgar who first fell to the lure of Chaos. Once known as Aurelian, this golden son of the Emperor of Mankind found himself an outcast because he worshipped his father as a god. Humbled before the ruins of Monarchia, chastened and brought low, Lorgar yearned for deeper meaning. He found it in the power of Ruin and thus began the descent into heresy. His fate had not always been so. On Colchis, his adopted birth world, Lorgar was not always the zealot, though his path would be nurtured by one: the priest Kor Phaeron.

The world is not what you think. Beneath skyscrapers' leering gargoyles, factories belching smoke and streets packed with the human throng lurk things we are not meant to see. Creatures dwell in the shadows and hidden places. They watch you, stalk you and prey upon your body and soul. The life you lead is a lie. Your darkest fears aren't make-believe. They're real. And now that you have glimpsed this world of darkness, there's no place to hide. The Storytelling System Rulebook is a stand-alone game for the World of Darkness, and is meant for use with Vampire: The Requiem, Werewolf: The Forsaken and Mage: The Awakening.

This book provides the framework for a singular reference in the field of pulmonary hypertension. Pulmonary vascular disease is a complex and heterogeneous condition characterized by remodeling of distal pulmonary arterioles that increases pulmonary vascular resistance to affect cardiopulmonary hemodynamic and right ventricular function adversely, resulting in a clinical syndrome of diminished exercise tolerance, shortness of breath, and heart failure-associated morbidity and mortality. Owing to the availability of novel pulmonary circulation-selective pharmacotherapies over the previous decade, the number of pulmonary hypertension patients eligible for treatment has increased substantially. Despite this progress, under-awareness persists within the practicing pulmonary, cardiovascular, and general internal medicine communities. This is due, in part, to the complex array of molecular mechanisms implicated in the pathobiology of PH, as well as cutting-edge discoveries from translational scientific works that provide a new framework by which to understand pulmonary vascular-right ventricular coupling. Taken together, a key educational opportunity is exposed to bridge this knowledge gap through the synthesis of a contemporary text that emphasizes basic science, translational and clinical principles, and treatment strategies for understanding pulmonary hypertension.

A chilling mosaic novel by masters of their craft. On a misty cemetery world, three strangers are drawn together through mysterious circumstances. Each of them has a tale to tell of a narrow escape from death. Amid the toll of funerary bells and the creep and click of mortuary-servitors, the truth is confessed. But whose story can be trusted? Whose recollection is warped, even unto themselves? For these are strange stories of the uncanny, the irrational and the spine-chillingly frightening, where horrors abound and the dark depths of the human psyche is unearthed. A chilling portmanteau. I could feel the hairs on the back of my neck prickling. The perfect combination of horror and Warhammer 40,000.' Paul Kane - bestselling and award-winning author of Sherlock Holmes and the Servants of Hell and Before

Discover the story of Astorath, one of the Blood Angels' most fascinating characters! Following the Devastation of Baal and the arrival of the Primarch Roboute Guilliman's Indomitus Crusade, Commander Dante of the Blood Angels has been appointed Lord Regent of all Imperium Nihilus. Working with the successor chapters of the Blood Angels, Dante commands that the area around the Red Scar be scouted in preparation for reconquest. The Red Wings' sweep has led them to the foetid world of Dulcis, dangerously near to the Cicatrix Maledictum itself. Decimated by the tyranids during the war for Baal and only lightly reinforced by Primaris Space Marines, the Red Wings Chapter are in no position to deal with the events that unfold there. Strange psychic phenomenon and a deadly xenos enemy threaten the great hope of all the Chapters of the Blood - that the flaw in Sanguinius' geneseed has at last been tamed. Drawn by the Black Rage to Dulcis, Astorath the Grim, Lord High Chaplain and Redeemer of the Lost, comes to aid the Red Wings. But what he discovers there will shake the Chapters of the Blood to their very core.
