Well and good : a case study approach to health care ...

Well and Good presents a combination of "classic" and little-known cases in health care ethics. These cases, accompanied by information about the major ethical theories, give students a chance to grapple with the ethical challenges faced by health care practitioners, policy makers, and recipients.

Well and Good presents a combination of classic and little-known cases in health care ethics. These cases, accompanied by information about the major ethical theories, give students a chance to grapple with the ethical challenges faced by health care practitioners, policy makers, and recipients.

A good case study isn't simply engaging content, it needs to be well-written, engaging content that is laid out in a clear, concise manner. I mean, let's be honest, as much as you may love a meaty piece of content, not everyone enjoys huge chunks of information.

Well and Good, third edition: A Case Study Approach to ...

A case study is a special type of thought leadership content that tells a story. Case studies are narratives that feature real world situations or uses of products or services to demonstrate their value. A well written case study will follow a customer as they define a problem, determine a solution, implement it, and reap the benefits.

Well Control Case Studies - Wild Well Control

Case studies are self-contained stories about how a real customer overcame their problems using your products or services. Just like a story, good case studies have a beginning, a middle, and an end, as well as a protagonist – your customer – overcoming a problem and achieving their objective, just like the main character of a story.
