State failure usually results from the prolonged interaction of a number of powerful corrosive factors, including economic stagnation, political and ethnic factionalism, pervasive corruption, decaying national infrastructure, and environmental degradation.

When States Fail: Causes and Consequences on JSTOR
The threat of terrorism has only heightened the problem posed by failed states. When States Fail is the first book to examine how and why states decay and what, if anything, can be done to prevent them from Since 1990, more than 10 million people have been killed in the civil wars of failed states, and hundreds of millions more have been deprived of fundamental rights.

When States Fail: Causes and Consequences by Robert I. Rotberg
The authors identify many causes of state failure, but almost all cases are associated with civil violence and the rise of warring nonstate groups flush with revenue from minerals or narcotics. The international community can often help resuscitate failed states by sponsoring elections and committing to long-term security protection.

ability to deliver political goods and services. States fail when such goods and services are not being supplied. Civil war is then a symptom of state failure, not a cause of it. The most important political good is the provision of national and international security and the preservation of order. Other goods include

When States Fail: Causes and Consequences
When States Fail is the first book to examine how and why states decay and what, if anything, can be done to prevent them from collapsing. It defines and categorizes strong, weak, failing, and collapsed nation-states according to political, social, and economic criteria. And it offers a comprehensive recipe for their

reconstruction.

When States Fail is the first book to examine how and why states decay and what, if anything, can be done to prevent them from collapsing. It defines and categorizes strong, weak, failing, and collapsed nation-states according to political, social, and economic criteria.

When States Fail: Causes and Consequences: Rotberg, Robert ...

A failed state is a political body that has disintegrated to a point where basic conditions and responsibilities of a sovereign government no longer function properly (see also fragile state and state collapse). A state can also fail if the government loses its legitimacy even if it is performing its functions properly. For a stable state it is necessary for the government to enjoy both ...
