An exhaustive account of the hunt for the Yorkshire Ripper from 1975 to 1981 detailing the crimes, the police mistakes and the eventual almost lucky capture of the killer. Clearly an unsavoury subject but very useful to see how the police tackled it and what mistakes were made. The main problems were the poor communications between detectives before the introduction of computers and the losing of card files; the difficulties of policing before DNA enabled them to pursue other avenues; the false ...
